BRIEF SUMMARY

I am a Web Developer. I enjoy problem-solving and coding. I always strive to bring 100% to the work I do. I have worked on technologies like HTML5, CSS, JavaScript, C++, C, Node.js, React.js, and MongoDB. I am passionate about developing complex applications that solve real-world problems impacting millions of users. I am looking for an opportunity to work in a challenging position combining my skills in Software Engineering, which provides professional development, engaging experiences, and personal growth.

Arunodaya Public School, East Delhi 12 th CBSE Percentage: 80.80 / 100	2019
Arunodaya Public School, East Delhi 10 th CBSE CGPA: 7.40 / 10	2017

INTERNSHIPS

Oasis Infobyte IT / Computers - Software Web Development and Designing	01 Nov, 2022 - 10 Dec, 2022
Key Skills: Front-End Web Development Github NodeJS Express.js Javascript	
Web Development and Designing Intern • Accomplish tasks that were assigned. • Responsible for creating APIs, authentication, and deployment of various projects • Debugged Code and solved errors.	

PROJECTS

Blog website

Key Skills: Front-End Web Development Ejs Back-End Web Development

Project Link: <https://blog-website-5qam.onrender.com/https/>

A Blog website allows users to create a blog post and store the blog post in the Mongo DB cloud database. This website uses Node JS for the backend, Passport to authenticate users, and EJS templates to display individual pages.

Management Website

Key Skills: ReactJS Front-End Web Development

Project Link: <https://management-todolist-app.netlify.app/>

This website allows users to create and manage their to-do list (e.g.: today-list, shopping list, and many more).

Food order app

Key Skills: NodeJS ReactJS Express.js MongoDB

Project Link: <https://react-foodiepie-site.netlify.app/>

This website clones a food order app that allows users to order items and uses nodeJs for the backend. The site stores the data on the MongoDB cloud database.

ACHIEVEMENTS

- Reached final round in Hack2Skills 2022 T-hack. Created educational web app aiming to teach basic math for pre nursery Children's. Web app was created using html, CSS, Js and Python, MySQL as backend. My responsibility was to create the Frontend.

EXTRA CURRICULAR ACTIVITIES

- I participated in the WEBWAR competition organized by Technoutsav-22.
- I actively participate in workshops and events.
